

Terms and conditions

The terms and conditions below are in reference to a warranty claim for a Mitsubishi Heavy Industries air conditioner.

The terms and conditions outlined pertain to the service provider's policies regarding warranty claims for Mitsubishi Heavy Industries and associated charges.

- If deemed non-warranty, a service charge of \$220 + GST applies, which covers the service visit and the first hour of labour.
- If additional diagnostic time is required beyond the initial hour, an extra \$120 + GST per hour will be billed.
- If a warranty claim is deemed not covered under manufacturer's warranty, the customer who initiated the claim is responsible for the service fees and other charges.
- If the site address is outside of a metropolitan area, the customer may be liable for travel costs.

Scheduling and Access

- If a scheduled appointment is not canceled with at least 24 hours' notice, the customer is late or access cannot be gained, a service fee of \$220 + GST will be charged, and the appointment will be rescheduled after the original invoice has been paid.
- In cases where multiple site visits are necessary (e.g., to diagnose and repair a suspected leak), each visit will incur a service fee if the claim is deemed non-warranty. It may also be necessary for consumables to be used, if this is the case, this will be charged to the customer.
- It is the owner's responsibility to ensure safe access to both the equipment and the work area, at their own expense. If the service agent determines that the equipment is not accessible or safely accessible, the appointment will be rescheduled and a service fee of \$220 + GST will be charged. The appointment will be rescheduled after the owner has arranged for suitable and safe working conditions. The equipment must be safely accessible with a 1.7 meter ladder.

Multiple Warranty Claims

- If multiple warranty claims are raised for the same premises, each will be treated as an individual job. If either is deemed non-warranty, a separate service fee of \$220 + GST will apply to each.

For detailed information on warranty terms and conditions, please refer to the official MHIAA website → support tab → warranty terms and conditions

Asbestos / suspected asbestos

S.A.F.E.R Contracting Services is not licensed or insured to remove, repair, cut, drill, sand, grind, break, disturb, or otherwise work on asbestos or suspected asbestos-containing material, and will not carry out any such work.

If asbestos or suspected asbestos-containing material is present, S.A.F.E.R Contracting Services may only carry out limited non-disturbance make-safe works where safe and reasonably practicable. Any asbestos-related testing, removal, repair, remediation, monitoring, clearance, or certification must be arranged by the Client through an appropriately qualified and, where required, licensed asbestos contractor.

NOTE – THESE ARE THE TERMS AND CONDITIONS THAT APPLY TO YOUR BOOKING WITH S.A.F.E.R CONTRACTING SERVICES. IF YOU DO NOT AGREE, PLEASE ADVISE US IN WRITING PRIOR TO YOUR APPOINTMENT.
